Project: MHPC #0026-21 Greenville CSG; Off Moosehead Lake Road
Proposed Solar Project
Town: Greenville, ME

Dear Mr. Knapp:

In response to your recent request, I have reviewed the information received January 7, 2021 to initiate consultation on the above referenced project in accordance with the requirements of Maine Department of Environmental Protection.

Based on the information provided, I have concluded that there are no National Register eligible properties on or adjacent to the parcels. In addition, the project area is not considered sensitive for archaeological resources.

Please contact Megan M. Rideout of our staff, at megan.m.rideout@maine.gov or 207-287-2992, if we can be of further assistance in this matter.

Sincerely,

Kirk F. Mohney
State Historic Preservation Officer

RE: Greenville CSG Solar, Project Site Review

Dear Kirk,

Boyle Associates (Boyle) is completing the municipal permitting process with the town of Greenville on an approximately 19-acre site located off Moosehead Lake Road (Route 6) in Greenville, Maine. The site is composed of former agricultural fields and areas managed for commercial timber.

As part of the permitting process, Boyle is requesting information regarding the documented or potential presence of historic resources from the Maine Historic Preservation Commission. Construction and operation of the Project is expected to require minimal grading of land and the installation of pilings/fence posts for the purposes of developing a distributed generation solar project.

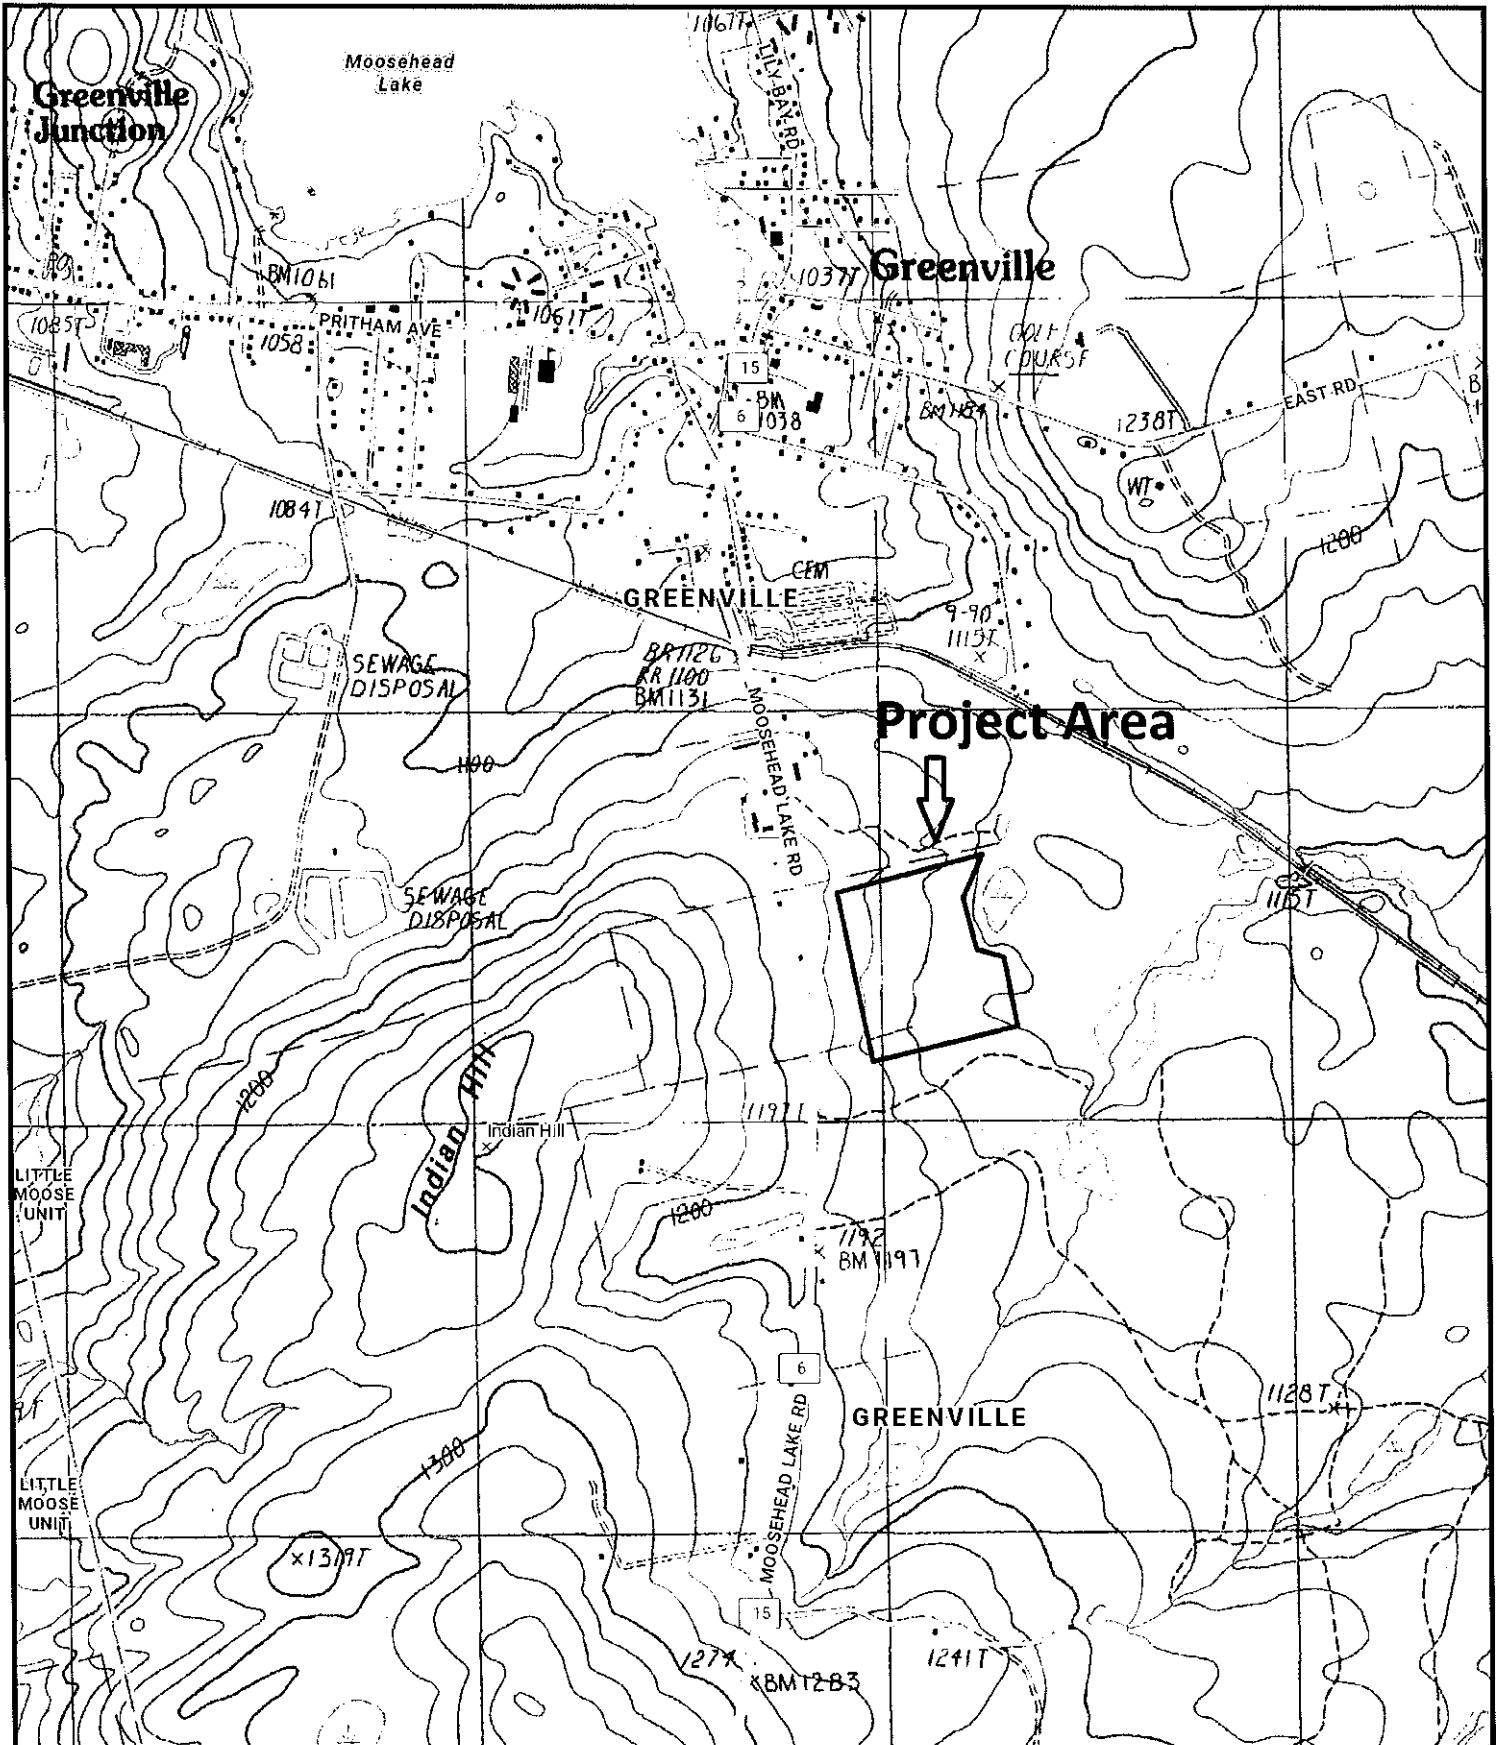

We have included a map showing the project boundary to aid in your review. If you have any questions please contact me at Dknapp@boyleassociates.net or call 207-631-9134.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Dale F. Knapp", enclosed within a large, sweeping, handwritten flourish that loops around the signature.

Dale F. Knapp
Principal
Boyle Associates

GREENVILLE CSG SOLAR
