To Whom It May Concern,

Hello, My name is Melissa Carrier. For those of you who do not know me I was born and raised in Greenville after graduation I had moved to Jackman and came back to the Greenville area with my daughters about 7 years ago. I am reaching out to propose my new business idea and would like to thank you in advance for your time.

I would like to open a nutrition bar known as Gypsy Soul Nutrition that will be mainly focusing on nutritional, protein shakes, smoothies, juices, and teas. This will also include skin care, vitamins, and nutritional goodies. With the main focus to benefit the health and nutrition in the place of meals and drinks giving energy. I do believe this will not only benefit the town as another business but also individuals that have and want to take on this nutritional value.

This location will be in the strip mall 18 Moosehead Lake Road Unit 7 this will be rented from Craig Watt. The location is town water and septic. I have inquired with the health department and currently waiting for a call back and will reach out to the fire marshal when or if this is approved.

What information is needed from me to move forward with this project?

I appreciate your time.
